Upcoming Pathway Closures

The curtain wall demolition and new installation is going to close off certain pathways around Kimball Hall. These closures will impact those navigating through Upson, Kimball and Thurston Halls. For your own safety, please familiarize yourself with the following page to understand which paths are open and which are closed. Note that the

Shutdowns

A Chilled Water Shutdown is scheduled for Monday, December 1st at 7am until Wednesday, December 3rd at 4pm, impacting all of Kimball and Thurston.

What to Expect

Expect to see a lot of work being completed on the curtain wall of Kimball Hall. It is imperative that you respectfully avoid closed pathways, and only travel along the open ones. You will also hear intermittent hammer drilling taking place in the upper floors of Kimball.
OPEN PATHWAYS FOR CURTAINWALL DEMO AND INSTALLATION
