“Product Life-Cycle Management” and Systems Engineering of a Formula SAE Race Car
Advisor: Albert George (MAE and SYSEN)

Number of students: 1 or 2
Students must be taking SYSEN 5100 Applied Systems Engineering (Cross-listed as MAE 5910, etc). Will work closely with FSAE team members and Prof. George to implement formal “Product Life-Cycle Management” (PLM) with the Cornell FSAE team. This will involve introducing and managing PLM usage for small organizations and working with the Cornell FSAE team to adapt it to the product development year of the FSAE team. Must become member of FSAE team.
