The SIBLEY SCHOOL OF MECHANICAL AND AEROSPACE ENGINEERING AT CORNELL UNIVERSITY, Ithaca, New York invites applications for a Lecturer position. The School is currently seeking to fill the Lecturer position for a three-year appointment starting on or after July 1, 2015. The Lecturer duties will include teaching courses in the general area of Mechatronics, Design, Dynamics, Control Systems, Aerospace Flight Vehicles and/or other courses important to the undergraduate curriculum. In addition, opportunities may exist to teach graduate courses, develop research collaborations, work with undergraduates and Masters students on project teams, or teach Summer courses if so desired. Candidates are sought who have a Ph.D. degree in Mechanical or Aerospace Engineering, or a related discipline. Experience in instruction at the University level is preferred. While applicants at the level of Lecturer are preferred, an appointment at the Senior Lecturer level will be considered. Salary and rank are commensurate with qualifications and experience.

The Sibley School and the College of Engineering at Cornell embrace diversity and seek candidates who will foster a climate that attracts students of all races, nationalities and genders.

Please submit an application online at https://academicjobsonline.org/ajo/jobs/5303. Applications should include a cover letter detailing the candidate’s background in the areas related to the above duties, a complete resume, and the names of at least two references. All applications received by February 28, 2015 will receive full consideration. Applications will be evaluated on an ongoing basis until the position is filled.

Diversity and Inclusion are a part of Cornell University’s heritage. We are a recognized employer and educator valuing AA/EEO, Protected Veterans, and Individuals with Disabilities.
