24th Annual  
Engineering Conference  
**The Impact of Globalization  
on Business and Technology**

**April 20-21, 2007**

This two-day conference will feature talks by prominent alumni, industry leaders, and faculty members showcasing cutting-edge research.

Other activities include student research project and team presentations, networking receptions, and the College of Engineering awards banquet.

Entrepreneurship@Cornell  
campus-wide Celebration  
featuring the  
presentation of the  
2007 Entrepreneur of  
the Year Award

Globalization is one of the most important trends of our times. Our invited speakers work at the forefront of globalization in business and engineering. Please join us at Cornell in April for an enlightening glimpse into the future.
