### Course Selection Worksheet for First-Year Students  
College of Engineering

*** Before completing this worksheet, use your Net ID to access [Student Center](https://studentcenter.cornell.edu) and print a copy of your existing fall schedule.

### Refer to your fall schedule from Student Center:

1. Does Engineering Seminar **ENGRG 1050** appear on your schedule?  
   - Yes  
   - No  
   *if no, contact Engineering Advising immediately*

2. Does **CHEM 2090** appear on your schedule? (You have been pre-enrolled in this course *only* if you are required to take it during the fall semester.)  
   - Yes  
   - No

### Using Steps 1 - 9 on the "Course Selection Instructions for First-Year Students," select the following and note your choices on this worksheet:

- **Engineering Math** (select one)  
  - MATH 1910  
  - MATH 1920  
  - MATH 2930  
  - MATH 2940

- **Chemistry** (pre-enrolled, enrolled, or waitlist)  
  - CHEM 2090

OR

- **Physics** (select one, only if you are NOT enrolled in CHEM 2090)  
  - PHYS 1112  
  - PHYS 2213  
  - PHYS 2214

- Select one of the following (*EXCEPTION*: If you are not enrolled in CHEM 2090 and cannot enroll in a Physics, you may wish to enroll in both):  
  - **Intro to Engineering** (ENGRI 1XXX)  
  - **Intro to Computing** (CS 1110/1112/2110)

- **Academic Excellence Workshops** (AEW)  
  These are optional and you may select one for your Math course and, if enrolled, your Chemistry and/or Computer Science Course:  
  - MATH AEW  
  - CHEM AEW  
  - CS AEW

- **Physical Education** (PE)  

- Enroll in the classes you listed above using Student Center, July 13-22.

- Finally, ballot for your First-Year Writing Seminar (FWS) July 13 – 22.

**Questions?** Contact Engineering Advising: (607) 255-7414 or adv_engineering@cornell.edu
