Cornell Career Services surveys Cornell University degree recipients for six months following graduation. This report summarizes postgraduate activities for Systems Engineering graduate students from the class of 2014. Historical data is provided to allow for comparison of activity and salary trends.

### Survey Highlights
#### Distance Learning Students
- Number Graduated: 18
- Number Responded: 13
- Response Rate: 72%
- Employed: 77% (10)
- Graduate School: 0% (0)
- Seeking Employment: 8% (1)
- Other Endeavors: 15% (2)

#### On-campus Students
- Number Graduated: 20
- Number Responded: 14
- Response Rate: 70%
- Employed: 50% (7)
- Graduate School: 0% (0)
- Seeking Employment: 43% (6)
- Other Endeavors: 7% (1)
Note: In 2014, in order to provide a more accurate Post Graduate Survey, the MENG Systems Engineering graduates where separated into two categories; 1) students who attended classes “on campus” (OC), and 2) students who received their degree through “Distance Learning” (DL). This separation will more accurately reflect the employment and salary status of these two distinct categories.
