

Systems Engineering - MENG
Graduate Class of 2015

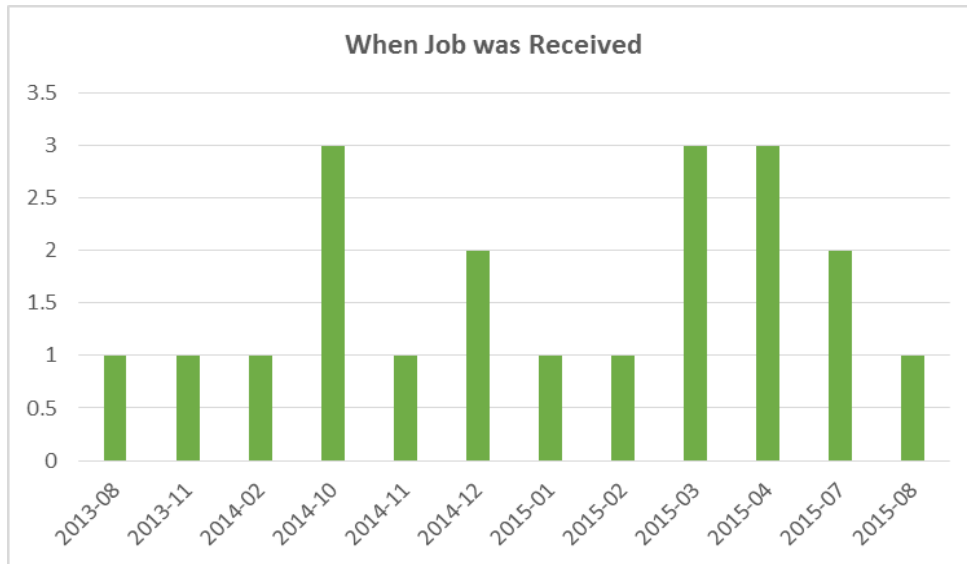

Post-Graduation Report

Cornell Career Services surveys Cornell University degree recipients for six months following graduation. This report summarizes postgraduate activities for Systems Engineering graduate students from the class of 2015. Historical data is provided to allow for comparison of activity and salary trends.

Survey Highlights Distance Learning Students		
Number Graduated	32	
Number Responded	32	
Response Rate	100%	
Employed	88%	(28)
Graduate School	0%	(0)
Seeking Employment	12%	(4)
Other Endeavors	0%	(0)

Survey Highlights On-campus Students		
Number Graduated	40	
Number Responded	39	
Response Rate	98%	
Employed	74%	(29)
Graduate School	0%	(0)
Seeking Employment	26%	(10)
Other Endeavors	0%	(0)

Note: In 2014, in order to provide a more accurate Post Graduate Survey, the MENG Systems Engineering graduates were separated into two categories; 1) students who attended classes “on campus” (OC), and 2) students who received their degree through “Distance Learning” (DL). This separation will more accurately reflect the employment and salary status of these two distinct categories.
