Learning Outcomes Evaluation

Name of Student: ____________________________________ Major: _____________ Date:________________

Work Period: ___Spring  ___Fall  ____Summer  Year:_________

Employer: _____________________________________ Division: ________________________

Supervisor/Phone #: _____________________________________

Co-op Coordinator/ Phone #: _____________________________________

This report is for you to evaluate the educational content and quality of the Co-op assignment and provide thoughtful analysis of what you learned. You may want to discuss some of the elements from this evaluation with your supervisor or employer’s Co-op coordinator before the end of your assignment.

Please list the Learning Outcomes you agreed upon with your supervisor at the beginning of your term.

Rate your achievement of these outcomes:

(1- did not achieve outcome, 3-partially achieved outcome, 5-fully achieved outcome)

1. ________________________________________
   1 2 3 4 5

2. ________________________________________
   1 2 3 4 5

3. ________________________________________
   1 2 3 4 5

Please comment on any challenges or discoveries you encountered in working toward your learning outcomes. What did you learn from these challenges and discoveries?

Discuss what learning you achieved beyond what was originally set forth as your outcomes. Please describe examples.
