Teaching Remotely

Setting up video in Canvas and getting started with recording

Rob Parker
Engineering Leadership Programs
rep28@cornell.edu
Getting started

- Setting up Canvas
- Recording a video
- Your video library
- What the editor can do
- Running Zoom through Canvas
- Zoom settings and what they mean
- FAQ
FAQ

• Can all 3 be synchronous and asynchronous?

• What happens if my internet connection cuts out?

• Is one better than another if I have a week internet connection?

• In Panapto with Powerpoint, is the mouse active? Is there anyway to emphasize a specific point on the slide?

• Can Kaltura be used to upload video I capture by other means?

• If I have videos in my presentation, will they work across zoom?

• Where can I go for more help?
